

Notice to Authors for Paper Submission to *Electrochemistry*

Revised Sept. 18, 2008

1 General Scope and Types of Papers

- (1) "*Electrochemistry*" is devoted to the publication of research papers in the fields of electrochemistry and applied physical chemistry. The following types of papers in English (or Japanese) may be submitted.
 - ① *Technical paper*. Full length papers containing original results including significant conclusions or facts.
 - ② *Technological report*. Technological reports containing new information, valuable data and methods directly related to industrial technology.
 - ③ *Note*. Short notes containing new facts, significant data and methods, if fragmentary, not exceeding three pages in the printed form.
 - ④ *Communication*. Communications containing new facts, valuable data and methods, and requiring prompt publication, not exceeding three pages in the printed form.
 - ⑤ *Comprehensive paper*. Comprehensive papers that draw conclusions from the treatment of existing data, include significant new data, or make new experimental results or theoretical views of broad interest.
 - ⑥ *Review*. Papers presenting a general survey of an outstanding subject in Electrochemistry.
- (2) Only original contributions will be considered except for *Comprehensive Papers and Reviews*. However, *Technical Papers* or *Technological Reports*, which contain a significant improvement over the results already published as Communications in this journal or elsewhere, will be considered.

2 Submission and Refereeing of Manuscripts

- (1) Authors should prepare their manuscripts in accordance with both these regulations and the "Instructions for Authors", otherwise the manuscripts will not be accepted.
- (2) Authors should submit electronic files of a Cover Letter and a complete set of the manuscript with tables, figures and/or pictures via e-mail to: edit@electrochem.jp

Any two-byte characters should not be used in the manuscript in English.

- (3) Authors may submit three complete sets (one original and two copies) of the printed manuscript including tables, figures and/or pictures to:

Editor-in-Chief, *Electrochemistry*
The Electrochemical Society of Japan
4-8-30, Kudan-minami, Chiyoda-ku

Tokyo 102-0074, Japan

The manuscript must be accompanied by a Cover Letter.

- (4) The date received is the day on which the editor receives the manuscripts.
- (5) The submitted manuscripts which are accepted for publication will not be returned to the author; rejected manuscripts will be returned.
- (6) The decision to accept a manuscript for publication will be made by the editorial committee.
- (7) The editors may ask that a manuscript be revised. If the revised paper is not submitted within two months, the manuscript may be regarded as having been withdrawn.
- (8) Manuscripts accepted as Communications may be published online on our Web before being published in *Electrochemistry*, at the authors' request.

3 Proofs

Authors will receive the proofs, and are requested to correct and return them. No revision, insertion, or deletion of words other than misprints by the publisher will be accepted. The corrected proofs must be returned within 48 hours.

4 Corrections

If the editorial committee accepts the correction, the corrections may be published. A publishing fee will be required in accordance with the regulations.

5 Fees and Reprints

If the submitted manuscript is accepted, authors should pay the fee listed in the Page Charge Table. A reduced fee is applied to individual members, student members and honorary members of The Electrochemical Society of Japan. A hundred reprints are provided free of charge. Additional reprints beyond 100 reprints will require a further fee in accordance with the regulations.

6 Copyrights

The copyrights of papers accepted for publication in "Electrochemistry" belong to The Electrochemical Society of Japan.
